LX500c
Desktop Color Label Printer

Ideal for producing short to medium run labels where high water resistance is not required. Offers high print quality, dye based ink and a maximum print width of 4.25" (108mm) all in a compact footprint.

The LX500c Color Label Printer prints full-color, photo-quality images and bar codes on highly water-resistant and scratch-resistant labels. Print them when and where you need them – in quantities you can really use! Best of all, depending upon the quantity you print, the price per label will be significantly less than labels printed on flexo or offset.

Features:
• Color inkjet printing at up to 4800 dpi
• Media width of 0.75" to 4.25" (19mm to 108mm)
• Print length of 0.25" to 4.25" (6mm to 610mm)
• One high yield tri-color ink cartridge
